

## Your food hygiene rating

This authority operates the national Food Hygiene Rating Scheme. This is designed to help consumers choose where to eat out or shop for food by giving them information about the hygiene standards in food outlets at the time they are inspected to check compliance with legal requirements. Details of how ratings are calculated are enclosed.

On the basis of the standards found at the inspection, I am pleased to be able to tell you that you have achieved the top rating of '5'. Details of how this was calculated are as follows:

Compliance with food hygiene and safety procedures	0
Compliance with structural requirements	0
Confidence in management/control procedures	0
Total score	0
Highest (this means poorest) individual score	5
Food hygiene rating	

A sticker showing your rating is enclosed. You can tell your customers how good your hygiene standards are by putting the sticker up in the window or on the door. If you do not have a suitable glass surface, you could fix the sticker onto a transparent surface before fixing that onto a wall or other surface. Please destroy the sticker and any certificate showing your previous rating as only one rating – the most recent rating – should be displayed. To continue to display a previous rating may constitute an offence under the Consumer Protection from Unfair Trading Regulations 2008.

Your rating will be published shortly on the Food Standards Agency's website at [www.food.gov.uk/ratings](http://www.food.gov.uk/ratings)
